

Questionnaire n.1 : Consultation on the relevance of the objectives of the project

Introduction

The Cereal project (<http://www.cereal-era.net/news.html>, <http://www.costfa0904.eu/era-net-susfood-cereal/>) proposes solution for the reduction of inputs in the process chain of fresh-cut fruits and vegetables while achieving high standards for chemical and microbiological safety. The project redefines key concepts concerning resource efficiency by reducing the use of water and energy and the amount of wastes generated during the whole food chain.

The ultimate goal is to enlarge the market size for fresh fruit and vegetables thanks to the increase of the capacity of the EU industry to provide safer and more durable produces by means of improvements in produce washing and packaging technologies.
